Henry Coward | Tollz

Starting off as a solution against the increasing cost of tolls, Tollz has expanded into something that benefits city motorists across Australia. When you shop with our Tollz retailers using our platform it automatically provides the cashback to your tolls account

Annie Rogers | MyVoice

My Voice tackles the issue of the lack of eye-contact received by non-verbal people by projecting the users voice from their chest rather than their communication device situated in front of them. My Voice aims to be a game changer for those feeling invisible in our world.

Our Pixie Friends helps children, especially those with medical needs, not feel alone and be happy with who they are. We encourage a culture of kindness and inclusivity, and raise money for medical research
