2022 KGSC Explicit Improvement Agenda

Our commitment in 2022 is to provide educational experiences for students of Kelvin Grove State College that are inclusive for all to provide every student with the opportunity to thrive and be the best version of themselves.

Our work will prioritize educating our staff to enable the full transition and adoption of the Department's Inclusive Education policy and ensuring we meet the requirements of the Disability Discrimination Act 1995 (DDA) and Disability Standards for Education 2005 (DSE) by removing any barriers to student learning. We will ensure every staff member is aware of their requirements under the Nationally Consistent Collection of Data (NCCD) processes. This provides every student with the educational support and adjustments they are entitled to whilst ensuring they have access to appropriate support services.
