creating for a cure

One woman dies in Australia
every 10 hours from ovarian cancer.
There is no early detection test,
there is no cure.

Early stages of ovarian cancer have
no obvious symptoms,
resulting in most women being
diagnosed in the advanced
stages of the disease.

Developing an early detection test will
ultimately save lives.

Every woman, everywhere
free from the threat of
Ovarian Cancer

Style: Mystique

A stylish take on the everyday white shirt. This style is semi fitted to the waist and is knee length. Design includes button detail that extends to the waist only and includes a drawstring feature which creates an opening below the waist.

Fabric: 98% cotton, 2% elastane
Machine wash as per label

Price: \$79.95

Size: 8,10,12,14,16

100% of the gross profits from the
sale of every white shirt will be
donated to the OCRF.

#makeadifference

Style: Fee

A fresh white shirt with extended sleeves and oversized cuffs.

Fabric: 98% cotton, 2% elastane
Machine wash as per label

Price: \$79.95

Size: 8,10,12,14,16

The OCRF are dedicated to developing an early detection test that is non invasive, cost effective and accessible to all women around the world.

#makeadifference

Style: Sophia

A fun white shirt with elbow length sleeve and circular flounce.
Can be styled with or without ribbons and tucked in
for a stylish chic look.

Fabric: 98% cotton, 2% elastane
Machine wash as per label

The OCRF is one of Australia's
pre-eminent bodies supporting
ovarian cancer research.

creating for a cure

100% of the gross profits from the sale
of KG Bold White Shirts will be
donated to the Ovarian Cancer
Research Foundation.

KG Bold have collaborated with industry
specialists to produce high quality, locally
manufactured white shirts.

Thank you for supporting our college
fundraising initiative.
